

# CORPORATE MEMBERSHIP

As our firm has transitioned to a remote-based work environment, Workzones has provided the flexibility for us to have regular in-person group gatherings as needed. Also, when a team-member is looking for an oasis of calm to get some work done, whether escaping spouse, kids, construction or the occasional internet outage, Workzones is an extremely handy place for us to have access to! Simply put, in the new work environment, which appears here to stay (for good reasons!) Workzones provides a convenient, stable and welcoming work atmosphere.

- Simon D.
